*** ARTICLES FOR THE NEXT BUGLE DUE BY NOON ON TUESDAY, FEBRUARY 5th ***

FROM THE DESK OF DONNA I am so happy that the Annual Meeting is over! It is one of the most important and difficult tasks of the year for a Manager. Learning the ropes of Briny Breezes with districts, shares and elections for Board Members from different districts was a major learning curve. Working to get all the “T’s” “crossed and the “I’s” dotted is inundating to say the least. Threats from those who love to catch us at making a mistake is truly nerve racking. However those folks keep us on our toes. Briny, as you know is blessed with great volunteers who have helped in the office prepare the mailings, as well as those appointed to work the voting process. The annual meeting is what brings the community together and creates the opportunity to continue to do great things for Briny. Thank you to all who take the time to be involved because you make things a lot better!

MEMORIAL SERVICE On March 2nd at 11am, we are celebrating the lives of Gary Gasco and his mother, Dorothy Gasco. Dory died in the summer 2 years ago and Gary left us in December. Pastor Ray Brower is officiating.

THANK YOU Thank you to all the wonderful people that helped me after surgery. Also, all the cards and encouragement that I have received. I was shown such kindness and help. I would not be healing without all the help I received. I am so glad to live in such a community as Briny with such caring people. Hope to get out soon to enjoy the life here in Briny. Carol Ellis

Plantings, whether by nature or by human hand ARE NOT to be removed without consulting the Corp Manager or an authorized Landscape Committee Member.

TOWN NEWS

Sea Turtle Nesting Season Began March 1st

Florida's beaches are important nesting areas for sea turtles, and the sand dunes are home to many unique plants and animals.

During the sea turtle season, please remember a few simple things to help protect these magnificent creatures and their habitat:

- It is against the law to touch or disturb nesting sea turtles, hatchlings, or their nests. Sea turtles are protected by both the Federal Endangered Species Act and the Florida Marine Protection Act.
- **If you see an injured or dead sea turtle, call the Florida Fish and Wildlife Conservation Commission 1-888-404-FWCC (3922) or *FWC from your cell phone.** Please be prepared to answer the following questions: What is the exact location of the animal? Is the turtle alive or dead? What is the approximate size of the turtle? Is the turtle marked with spray paint? (This indicates that the turtle has been documented.) What is the location of the closest access point to the turtle?
- Avoid going to the beach at night. If you must be on the beach at night, limit your walking and do not use flashlights or flash photography. The light may cause the female to abort the nesting process, or other sea turtles nearby may be discouraged from nesting if there are lights on the beach.
- Turn off outside patio lights and shield indoor lights from shining directly onto the beach by closing the drapes at night. Lights disturb nesting sea turtles and hatchlings. Please make sure your beachfront lights are in compliance with the law.
- While enjoying the beautiful beaches during the day, avoid disturbing marked sea turtle nests, and please take your trash with when you leave the beach.
- When crossing a dune, please use designated cross overs and walk ways. Do not climb over the dunes or disturb the dune vegetation.
